

CLIVET
UNIVERSITY

Clivet University
Specialized trainings
for air conditioning applications
2019 TRAINING PROGRAM

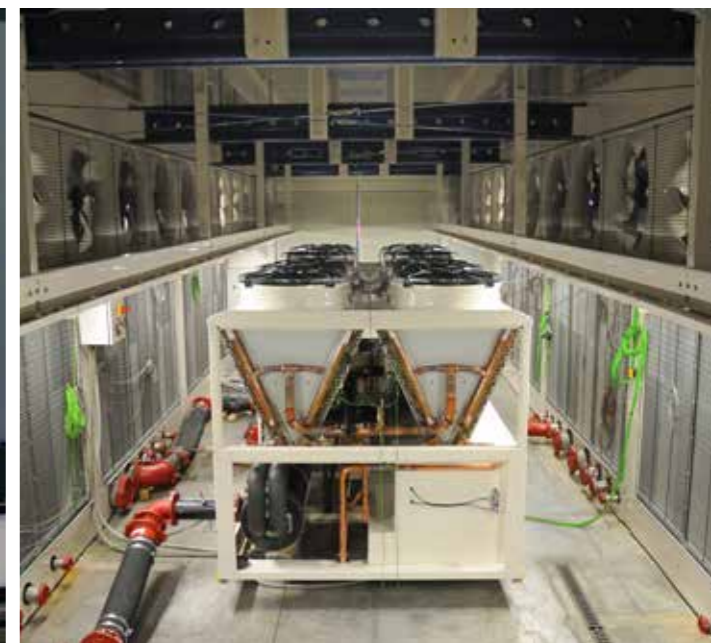

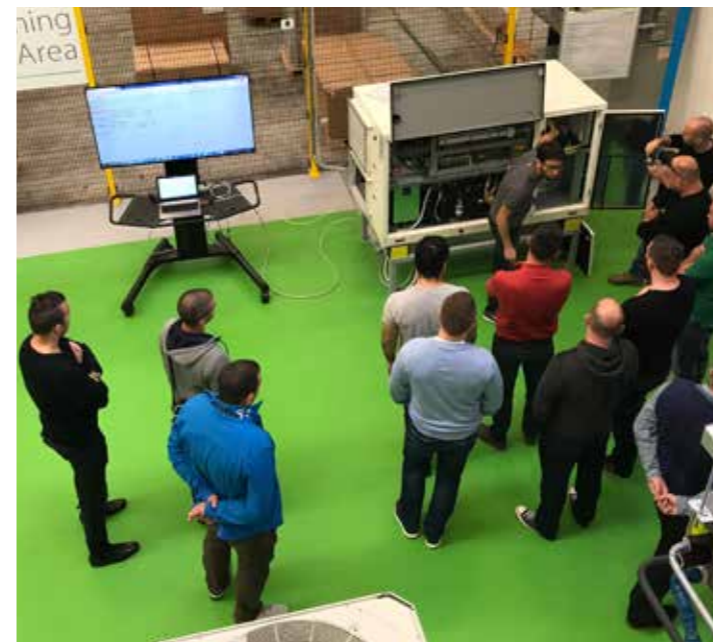

Today knowledge has power. It controls access to opportunity and advancement.

(Peter Drucker)

Clivet works for sustainable air-conditioning, offering quality, comfort and energy saving. In line with this view Clivet wish to share its know-how through dedicated trainings for designers, architects, installers, retailers, service centers and maintenance technicians.

Visit Clivet website www.clivet.com to see the complete training offer.

Clivet University

Clivet University offers different training programs at different theoretical and practical levels, ranging from specific topics of air-conditioning and its regulations, to technologies and installation solutions.

In the dedicated training Area it is possible to practice the installation, start-up and maintenance of Clivet systems.

In the different climate rooms, the operation of the air-conditioning units can be simulated at real temperature and humidity conditions.

With its 50.000 square meters the production plant itself and a dedicated and innovative show-room represent integral part of the training programs.

Together with a certificate of attendance at CLIVET UNIVERSITY training, the trainees may gain specific educational course credits, whenever this is set out in their own Country.

Basic information

Training offer: Seminars and Webinars (free)

The programs of the various courses are available on the website www.clivet.com/university.

Target

Seminars and Webinars are reserved for Clivet Sales Network, Architects and Designers.

Registration

To register for a seminar you must fill in the online form available on the website www.clivet.com/university. Registration closes 3 working days before each training session.

Following the participation request, a confirmation e-mail will be sent.

The dates may vary according to organizational needs. Always refer to www.clivet.com/university website for the updated calendar.

Any changes will be communicated by e-mail to all registered students.

Location and time

The seminars are held approximately from 9:00 am to 6:00 pm at the Clivet headquarters in Feltre (Belluno) or at different location indicated on the website www.clivet.com/university.

Costs

Participation in Seminars and Webinars is free.

During the training sessions, Clivet will assure coffee breaks and a business lunch.

Accommodation, travel, food, and other extras are not included, hence the related costs will be borne by participants.

Time and information for the connection to the Webinars will be communicated via e-mail to the attendees 7 days before their training session.

Training offer: Technical-Practical training

The programs of the various courses are available on the website www.clivet.com/university.

Target

Seminars and Webinars are reserved for Clivet Authorized Assistance Centers, Installers and Maintainers.

Registration

To register for a training session you must fill in the online form available on the website www.clivet.com/university.

The methods and conditions of registration for each course are described on the Clivet website.

The dates may vary according to organizational needs. Always refer to www.clivet.com/university website for the updated calendar.

Any changes will be communicated by e-mail to all registered students.

Location and time

All information on each training session is available on the www.clivet.com/university website.

Costs

Technical and Practical Trainings are free or charged as indicated in this document and on www.clivet.com/university website.
